Dear Sirs,

I oppose the recommendation made by the AZ power plant and transmission line sitting committee. I ask that the commissioners vote to approve the project with modifications. The lines must be buried from the Schrader sub station to the Gila reservation. I live in South Chandler and the lines will be a sore and disturbance to the community if they are not buried. Please listen to your community needs. SRP is not interested in the community interests. They would rather choose to do as they please and forget about anyone else.

Thanks for your consideration.
